It The object is one well worthy of the exercise of is true that popularity counts for little in China, in so far as bringing material support to a public man is concerned; but His Excellency Li has both men and arms at his disposal, and is probably not without the means of raising funds. If the Government show a disposition to mistrust the great Viceroy and ignore his past services, he may naturally consider that he owes no deep debt of gratitude to the reigning dynasty, which has only maintained its ascendency so long through the combined weakness and apathy of the Chinese. The prolonged Regency has undoubtedly, as our Shanghai morning contemporary points out, proved a source of weakness, and the effete Government may at any moment crumble to pieces. Out of the ruin and decay would then spring a new order of things, and fresh vigour might be infused into the Empire.
